GOVERNMENT OF MYSORE

D. No. 1254 Bangalore District.

Enclosure Dated 21st April 1894

To

The Chief Secretary to the Dewan
of Mysore.

Sir,

I have the honor to state that applications have been received for the grant of the bed of Setahally Tank, Registered No. 128, belonging to Sir. -gahally village in the Devanhully Taluk, for the purpose of cultivation.

2. The bed measures 73 acres and 23 Guntas and the Executive Engineer who was consulted in the matter says that the Tank being very much silted up, the cost of its restoration will be quite disproportionate to the expected return and it will be advisable to abandon it. The tank bund is reported to have breached and the tank to hold no water whatever.

3.

The Achakal below this tank is 26 acres and 1 Gunta, assessed at Rs 124/- and only a portion of it, about 12 acres, assessed at Rs 58-4-, is occupied and irrigated by the Javag tail water, of Bandakodigenahally Tank - The Setahalli Tank appears to have been in disrepair and with no water before the Survey, during which the wet lands above referred to were recorded as irrigable from the Javag of the Bandakodigenahally Tank -

4. I enclose the Executive Engineers' Letter No. 773-245- dated 24th February/94, and solicit orders as to whether the Setahally Tank may be abandoned and the bed may be assessed for cultivation.

I have the honor to be
